| Application ID           | 1-1038-40570                      |
| Applied for TLD (string) | .cpa                              |

## Response:

Top Level Domain Holdings Limited (TLDH) submitted public interest commitments (PICs) prior to the GAC Beijing Communiqué which address the GAC's concerns regarding abusive activity.

We will have a single point of contact, as discussed in our PICs, as well as community policing and an ombudsperson. There will be a single point of contact for allegations of abuse to be submitted to, making it easy for the community and for law enforcement to have their concerns quickly addressed.

Finally, since .cpa is a string that refers to a regulated industry, we will work with appropriate governing and/or regulatory bodies to ensure appropriate identification is presented with registration. We will require that a potential registrant enter their unique accountancy license number as well as indicate the jurisdiction to which the number relates.
